

TELECONSULT SDN BHD
PROJECT SUPPLY RECORD – PROJECTS COMPLETED

ITEM	PROJECT TITLE	YEAR	CUSTOMER
1.	Installation support for a telemetry system for the Bandar Seri Begawan Water Scheme, for Datac Control International Ltd., Ireland	1992 - 1994	Public Works Department, JKR Water Section
2.	Installation support for a telemetry system for Badas Apak Apak Gauging Station, for Datac Control International, Ireland	1993	Public Works Department, JKR Water Section
3.	Supply, delivery and installation of site office, carport, air-conditioning, furniture, fixtures and fittings for Watson Hawksley, Asia at Jalan Tasek Lama, BSB	1993	Public Works Department, JKR Water Section
4.	Construction of control rooms (2) including partitioning works, carpeting, design, supply and manufacture of control desks, minor building alterations for telemetry system at JKR office, Jalan Tasek Lama, BSB and Bukit Barun Water Treatment Works site, Tutong	1994	Public Works Department, JKR Water Section
5.	Supply, delivery and installation of total flooding carbon dioxide (CO2) fire suppression system at JKR office, control room Jalan Tasek Lama, BSB and Bukit Barun Water Treatment Works control room	1994	Public Works Department, JKR Water Section
6.	Radio path survey for 66 sites throughout Brunei for UHF/VHF radio systems to water reservoir sites	1994	Public Works Department, JKR Water Section
7.	Hydrographic survey of river bed at Kuala Ungar Gauging Station Sg. Tutong at Tutong District, and subsequent depth and flow monitoring for 12 month period	1994 - 1995	Public Works Department, JKR Water Section
8.	Site development works, including levelling, fencing, turfing of site, supply and installation of containerised building including foundations, step, earthing, supply and erection of 50 m self supporting radio tower, including foundations, mounting antenna and feeders, aircraft warning lights and lightning protection at JKR Tasek Reservoir site	1994	Public Works Department, JKR Water Section
9.	Repair of fencing, minor civil works, supply and erection of 40 m self supporting radio tower, including foundations, mounting antenna and feeders, aircraft warning lights and lightning protection at Lambak Kanan, JKR Water Reservoir site	1994	Public Works Department, JKR Water Section
10.	Supply and installation of new entrance gates, turfing of site, supply and erection of 30 m self supporting radio towers, including foundations, mounting antenna and feeders, aircraft warning lights and lightning protection at Melabau, JKR Water Reservoir site	1994	Public Works Department, JKR Water Section
11.	Supply and installation of containerised building including foundations, step, solar panels, earthing, supply and erection of 40 m self supporting radio tower, including foundations, mounting antenna and feeders, aircraft warning lights and lightning protection at Benutan Dam site	1994	Public Works Department, JKR Water Section

12.	Erection of roof antenna mount, mounting antennas and feeders, minor civil works and cabling, earthing at JKR Kuala Abang Intake site	1994	Public Works Department, JKR Water Section
13.	Excavation and laying of signal cable between JKR Layong Treatment Works and Layong Intake, earthing and minor civil works at JKR Layong Intake	1994	Public Works Department, JKR Water Section
14.	Excavation and laying of PVC ducts, build handholes, lay LV power cable and signal cable from JKR Jalan Tasek Lama to JKR Tasek Reservoir site	1994	Public Works Department, JKR Water Section
15.	Supply, delivery, installation and erection of CMTS feeder gantry and wall support brackets, at Ministry of Communications Building, Old Airport, Brunei	1995	Jabatan Telekom Brunei (JTB)
16.	Supply, delivery and commissioning of fire detection system for rapier missile workshop and training school at AD Battery, Penanjong Camp	1995	Ministry of Defence (MINDEF)
17.	Supply, delivery and replacement of aircraft warning lights and controller to ICS Tutong 400 ft self supporting tower	1995	Ministry of Defence (MINDEF)
18.	Supply, delivery and replacement of aircraft warning lights and controller to ICS Penanjong 400 ft self-supporting tower	1995	Ministry of Defence (MINDEF)
19.	Site development works, including land clearance (2 hectares), removal of trees, stumps etc., fencing, turfing of site, clearance and infilling, laying culvert across new access road, laying of ducts, supply and installation of containerised building, including foundations, steel support superstructure, entrance steps, installation of solar panels and steel support superstructure, earthing, supply and erection of 25 m, self supporting radio tower, including foundations antenna mount and feeders, aircraft warning lights and lightning protection, piling, pile load test, design and fabrication, installation of cantilever walkway over Sungai Tutong at JKR, Kuala Ungar Gauging Station site	1995	Public Works Department, JKR Water Section
20.	Shifting of 5 digital microwave radio links and associated multiplexer equipment at various sites, work involved removing and reinstallation of antennas, recovering and erecting new feeders, removing and reinstallation of 2 GHz radio links, and multiplexers, DDFs and testing and commissioning	1995	Jabatan Telekom Brunei (JTB)
21.	Supply and installation of Ericsson MD110 PABX, Tucon fibre optic link, MDF and associated standby power, acoustic hoods, weatherproof and intrinsically safe telephone set and bedlam tone ringers to telephones in turbine hall, Gadong Power Station for TBV/Black & Veitch International	1995	Department of Electrical Services
22.	Supply and installation of 4500 AH standby battery DC power supply at Bukit Teraja, requiring helicopter airlift into remote jungle site	1995	Ministry of Defence (MINDEF)
23.	Supply and installation of 48V 100 AH DC rectifiers and 328 AH batteries at Bangar, Temburong	1995	Ministry of Defence (MINDEF)

24.	Supply, delivery and replacement of lightning protection and earthing system to ICS Penanjong 400 ft self-supporting tower	1995	Ministry of Defence (MINDEF)
25.	Supply and replacement of MDF at ICS Tutong Garrison	1995	Ministry of Defence (MINDEF)
26.	Supply and replacement of MDF at Berakas Garrison PABX	1995	Ministry of Defence (MINDEF)
27.	Supply, delivery of aircraft warning light controller and repair of lighting system at Sungai Akar GRU Camp	1995	Ministry of Defence (MINDEF)
28.	Supply, delivery of cables, joint closures and connectors supervision of installation works, training of MINDEF workers and minor civil works at Penanjong Camp	1995	Ministry of Defence (MINDEF)
29.	Supply and replacement of MDF at Bangar Camp	1995	Ministry of Defence (MINDEF)
30.	Supply, delivery and replacement of batteries and rectifiers at police HQ, Gadong	1996	Ministry of Defence (MINDEF)
31.	Supply, delivery and replacement of batteries and rectifiers at Penanjong Garrison	1996	Ministry of Defence (MINDEF)
32.	Supply, delivery and replacement of batteries and rectifiers at ICS Building, Bia	1996	Ministry of Defence (MINDEF)
33.	Supply, delivery and replacement of lightning protection, lighting and earthing at Airwing radio tower, Berakas	1996	Ministry of Defence (MINDEF)
34.	Maintenance contract to maintain all MINDEF radio towers and support structures (2 years running contract)	1996 - 1997	Ministry of Defence (MINDEF)
35.	Erection of roof antenna mount, mounting of antennas and feeder, minor civil works and cabling at JKR Layong treatment works site	1994	Public Works Department, JKR Water Section
36.	Provision of secondary cabling to cabinets 6 and 7 Jalan Berakas, for 'halo service'	1996	Jabatan Telekom Brunei (JTB)
37.	Supply and erection of site office for JKR, Jalan Tasek Lama, Bandar Seri Begawan	1996	Public Works Department, JKR Water Section
38.	Supply, delivery and installation of intercom system for Telisai Satellite Earth Station	1996	Jabatan Telekom Brunei (JTB)
39.	Repair of aircraft warning lights, provision of new controller at Bukit Teraja, remote jungle site	1996	Ministry of Defence (MINDEF)
40.	Provision of cabling from ICS MDF room to adjacent building, Muara NHQ	1996	Ministry of Defence (MINDEF)
41.	Refurbishment of guyed masts (2) on signal training wing rooftop, Penanjong Camp	1996	Ministry of Defence (MINDEF)
42.	Provision of aircraft warning lights, lightning arrestor and earthing system to range control tower, Penanjong Camp	1996	Ministry of Defence (MINDEF)
43.	Supply, delivery and replacement of batteries and rectifiers at Sungai Akar GRU Camp	1997	Ministry of Defence (MINDEF)
44.	Supply, delivery and replacement of lightning protection system at Sungai Akar GRU Camp	1997	Ministry of Defence (MINDEF)

45.	Supply, delivery and replacement of lightning protection system at Penanjong Camp	1997	Ministry of Defence (MINDEF)
46.	Repainting of self-supporting radio towers at Bukit Ambok 1 and Kg. Masin	1997	Jabatan Telekom Brunei (JTB)
47.	Supply and erection of 2 x 30 m wind-up masts complete with aircraft warning lights and controller, lightning protection and earthing system at Jabatan Laut Ferry Terminal Serasa and Jabatan Laut, KB	1997	Jabatan Laut
48.	Supply, delivery and replacement of aircraft warning light controller at Bolkiah Garrison	1997	Ministry of Defence (MINDEF)
49.	Refurbishment of 30 m mast at MTF Kapok	1997	Ministry of Defence (MINDEF)
50.	Remedial works to tower foundations and gantry at Kg. Lamunin and Bukit Ambok 1	1997	Jabatan Telekom Brunei (JTB)
51.	Supply, delivery and replacement of DC dual rectifier with hot standby and battery system at ICS Penanjong Camp	1997	Ministry of Defence (MINDEF)
52.	Supply and delivery of DC hot standby rectifier system at PABX site, Penanjong Camp	1997	Ministry of Defence (MINDEF)
53.	Recabling of Penanjong Camp fixed copper network	1998	Ministry of Defence (MINDEF)
54.	Dismantling of radio support structure and radio antenna of Muara Naval Base (NHQ)	1998	Ministry of Defence (MINDEF)
